DEATH

Death is the end of life. It is the final state of being, where the soul leaves the body and enters the afterlife. In many religions, death is seen as a transition to a new world, where the soul is judged and rewarded or punished. In some cultures, death is seen as a punishment for sin, while in others, it is seen as a necessary part of the cycle of life. Death is a universal experience, and it is one of the most profound mysteries of existence.
